

Le-Sure Tire Carrier

American Made: Choice of "Fold-Down" or "Stationary" rear tire carrier. Allows trouble-free access to rear compartment. "Universal Bumper Mount" bolts easily to 4-1/2" maximum square bumper with hand tools (no drilling). Made of welded heavy-duty steel plate and corrosion resistant hardware.

Black, corrosion resistant finish. (Stationary carrier does not fold down.) Easy to follow mounting instructions included.

LIMITED WARRANTY.
Fold Down: #937002
Stationary: #927001

Le-Sure Lift Levelers

American Made: Manual Leveling and Stabilizing system for most RVs and trailers. The LE-SURE LIFT is a specially designed interlocking scissor type jack. The system has a lifting capacity of 5,000 lbs. per jack. Bright or black zinc plated, plus a special clear protective coating for a corrosion resistant lasting finish. Large, stable 40 sq. in. foot, 4-3/4" retracted height, easily mounted with enclosed hardware kit or by welding. Sold in pairs with plated crank handle. Four models available.
